Program Manager - Retail Systems Nordics

Gilbarco Veeder-Root Globally

Gilbarco Veeder-Root represents the leading brands of solutions and technologies that provide convenience, control, and environmental integrity for retail fueling and adjacent markets. In 2002, the Gilbarco and Veeder-Root companies combined into one marketing brand, with distinctive and complementary business lines, services, and sales capabilities.

Gilbarco is a leading global supplier of fuel dispensing equipment, fully integrated point of sale systems for the global petroleum marketplace with sales, manufacturing, research, development, and service locations in North and South America, Europe, Asia, the Pacific Rim and Australia.

Gilbarco Veeder-Root Nordics

Right now we are looking for a Program Manager for Retail Systems Nordics. The Program Manager is the key interface between stakeholders in a development project that runs through the APD process and will Manage the development programs in both Storckholm and in Denmark.

Key responsibilities include

- Scoping at MS2a,
- Planning at MS2b,
- Executing at MS3a; and
- On Time Delivery at MS4
- Metrics & Reporting

Tasks

It is the Program Managers responsibility that the APD process and project guidelines are followed during development of the resulting product and will be measured on all of those aspects. However, the program manager will be provided with a cross functional team who will perform the work required to produce the end product, which means that the Program manager's work takes on the form of scheduling and coordinating the work while keeping key stakeholders informed on project progress and tracking to targets.
